

Battle Standard 142 Gin Barrel Finished

ABV: 45% (90 PROOF)

The Battle Standard 142 Barrel Finished Gin gets its name from our founders' alma mater, the United States Merchant Marine Academy (USMMA). 142 Cadet/Midshipmen from the USMMA lost their lives during World War II serving their country. USMMA is the only one of the five federal academies authorized to fly a Battle Standard in memory of those brave men who made the ultimate sacrifice.

Tasting Notes

Battle Standard 142 Barrel Finished Gin starts out from a grain neutral spirit base and is redistilled with eight botanicals to yield a delicious and unique tasting product that appeals to both gin lovers and non-lovers alike. Taken a step further, this gin has been aged in Kentucky bourbon barrels for 6 months. Paired with a great juniper base and outstanding floral notes, this process helps to develop a beautiful golden hue, a smoothness on the palate, and mild sweet notes reminiscent of honeysuckle.

Fast Facts

- Our gin is classified as a New Western gin where the juniper berries do not overpower the other more delicate botanicals

- Battle Standard 142 Gin is distilled with eight botanicals including:

- Juniper Berries
- Orange Peel
- Grains of Paradise
- Cinnamon
- Angelical
- Cardamom
- Coriander
- Orris Root

- Approximately 70 pounds of Botanicals are used during the distillation of this gin in a 500 gallon batch – the amount of each of these botanicals is KO's little secret

- The gin is proofed to 90 Proof
